1

Mandatory Condition # 4: The defendant shall refrain from any unlawful use of a controlled substance. The defendant shall submit to one drug test within 15 days of release from imprisonment and at least two periodic drug tests thereafter, as directed by the probation officer.

Supporting Evidence: Charles West violated the conditions of supervision by having a positive urinalysis test for cocaine on August 29, 2005. Mr. West contacted the U.S. Probation Office on September 2, 2005, and admitted to using cocaine. He indicates that his wife's grandmother is in the hospital and he had been up for three nights straight staying with her to make sure she did not quit breathing. The grandmother is having her leg amputated today and may not make it through the surgery. Mr. West indicates that he began having anxiety attacks, as he had previously had his leg amputated and resorted to using cocaine. He admitted that he made a poor decision and is requesting mental health counseling to deal with his anxiety.
